What we do!

The OFSSGN connects and supports members of Oregon's Farm to School community to create a just, equitable food and education system that provides access to healthy, local school meals and food, farm and garden education. We provide resources, technical assistance, training, networking and policy advocacy, to build a stronger farm to school movement in Oregon.

How you can help!

By becoming a member you contribute to a stronger farm to school movement in Oregon by enabling us to engage our team of Regional Hub Coordinators, provide and update crucial resources, and coordinate essential networking opportunities for farm to school stakeholders. This practice of engaging and connecting so many passionate people and organizations helps support and grow the farm to school movement, even during the most tumultuous times!

Support our Advocacy! Membership contributions are one of the few sources of funding available to sustain our advocacy efforts. Your membership dues support OFSSGN and contribute towards our work advocating for continued funding for Oregon's Farm to School Grants.
